

**With the arrival of analyst Simon Lovat,
Carmignac Gestion reinforces its commodities expertise**

Simon Lovat has joined Carmignac Gestion as a commodities analyst. Benefiting from ten years' experience in the financial industry, Simon Lovat has spent the last five years co-managing a commodities fund for the entrepreneurial firm Gaia Capital Advisors in Geneva.

After strengthening its Emerging Equities team in January, Carmignac Gestion is now reinforcing its commodities expertise with the arrival of this new analyst. The team, led by David Field, will make a decisive contribution to one of our key investment themes – growing demand for natural resources in a world facing supply shortages. This know-how will also benefit all our investment managers and analysts as the cross-fertilisation of ideas will make a positive contribution to the different portfolios.
