***About Carmignac Gestion***

Founded in 1989 by Edouard Carmignac, Carmignac Gestion is one of the leading independent asset management companies in Europe today. Its share capital is entirely held by its management team and staff. In this way, the company's long-term viability is ensured by a stable shareholding structure, reflecting its spirit of independence. This fundamental value is of utmost importance to the company as it ensures the freedom required for successful and renown portfolio management.

With close to 50 billion EUR in assets, Carmignac Gestion has developed a comprehensive range of 18 funds across all asset classes - equities, bonds and multi-strategy, as well as mandate offering. Our funds are actively marketed in 11 European countries: France, Luxembourg, Switzerland, Belgium, Italy, Germany, Spain, Austria, The Netherlands, Sweden and United Kingdom. Within the context of its international development, Carmignac Gestion has a subsidiary in Luxembourg and two offices in Madrid and Milan, and recently registered its range of products for professional investors in Singapore.
