Letter to holders of the fund

Carmignac Profil Reactif 50

Dear Sir/Madam,

We would like to thank you for the trust you have placed in us. We are honoured to count you among the unitholders of the Carmignac Profil Réactif 50 fund.

1. WHAT CHANGES ARE BEING MADE TO THE FUND?

We are writing to inform you of some upcoming changes to the fund and their implications for you. They include a renaming of your fund, a new reference indicator, different levels of equity exposure, a revised investment objective, and a change in the Fund's incorporation of non-financial criteria.

The management company has decided to rename the Carmignac Profil Réactif 50 FCP. It will now be called **Carmignac Multi Expertise**. This new name reflects the fund's investment approach, using Carmignac Gestion's different areas of expertise.

The new reference indicator is composed of the following indices:

- 40% MSCI AC WORLD NR (USD) (MSCI global international equities index) converted into euro;
- 40% ICE BofA Global Government Index (USD) (world bond index), converted into euro;
- and 20% compounded €STR (eurozone interbank market rate).

The equity component of the reference indicator will increase from 30% to 40% to reflect the fund's expected average exposure to equity risk. The indicator's bond components will decrease from 70% to 40% to reflect the expected average exposure to fixed income strategies. A 20% €STR component has also been added to reflect the fund's exposure to absolute return strategies.

This document is important and requires your attention. If in doubt, please contact your usual advisor.

You will find details of these changes in the section entitled "What are the main differences between the fund in which you currently hold units and the fund as it will be once these changes have taken effect?".

2. WHEN WILL THESE CHANGES TAKE EFFECT?

The changes will take effect on 18 March 2024.

Investors who do not agree to the changes are entitled to redeem their units free of charge within 30 days of publication of this notice.

3. WHAT IMPACT WILL THESE CHANGES HAVE ON THE RISK/RETURN PROFILE OF YOUR INVESTMENT?
