Since Mark Denham took over Carmignac Portfolio Grande Europe in 2016, he has demonstrated a rigorous approach to stock selection while also maintaining an unwavering belief in the importance of socially responsible investment. These qualities have led to a significant turnaround for the Fund in just three years.

In Mark Denham's own words

To celebrate the three-year anniversary since taking over Carmignac Portfolio Grande Europe, we asked Mark Denham a few questions on him and his approach to European equities.

I think European equities offer great returns for somebody who's prepared to invest on a three to five-year investment horizon or longer

A notable turnaround in just 3 years

Mark has spent the last 16 years refining his investment process, and his results are a testament to his clear thinking and long-term vision for investors. In just three years, with the help of the European Equities team and Carmignac's sector specialists, Mark has introduced an investment discipline that has enhanced the risk/return profile of the Fund, and gained the interest of investors and the investment community alike.

A top-decile Fund with positive risk-adjusted returns

With a 32.3% cumulated return over three years (9.8% annualised return), Carmignac Portfolio Grande Europe beats 91% of its peers and outperforms its reference indicator. The Fund is also first quartile for its Information ratio, Sharpe ratio and Sortino ratio, and is rated 4 stars by Morningstar over Mark's tenure ¹.

Mark Denham's Citywire rating upgraded to A

In November 2019, in recognition of his investment process and consistency in meeting the Fund's investment objective over the three-year period, Mark's Citywire rating was upgraded from "+" to "A", placing him in a select group of fund managers who have demonstrated strong risk-adjusted returns ².

A Fund Manager living up to his social responsibilities

Mark's long-held commitment to socially responsible investment (SRI) has also been recognised. In January 2019, Carmignac Portfolio Grande Europe obtained the French SRI label ³. The Fund has also been designated as "socially conscious" and "low carbon" by Morningstar.
